

STRATEGIC PLAN

2022-2027

Be Part of Our Future

Mission

Fellowship Square improves the lives of older adults who struggle to make ends meet by providing them with affordable housing and supportive services.

Vision

Fellowship Square envisions vibrant communities where all people have access to safe, quality living accommodations and services, regardless of their financial circumstances, so they can live with dignity and independence as long as they are able.

2027 Goals

In five years, Fellowship Square will have in place:

Vibrant affordable housing communities that provide a variety of activities and services for older adults.

Expanded services and support that focus on four areas of wellness: physical, spiritual, social and intellectual and that include new technologies, information and activities that meet residents' needs.

Strategies to maintain diverse and reliable income streams that support the lives of our residents and the organization overall.

A "best in class" organizational infrastructure that allows Fellowship Square to have a greater impact on those we serve.
