NEW LAKE ANNE FELLOWSHIP HOUSE PLANS MOVE FORWARD

240 Affordable Apartments for Low Income Seniors to be Replaced

RESTON, VA (June 22, 2017)--Fellowship Square Foundation (FSF) and Community Preservation and Development Corporation (CPDC) are moving forward with zoning approval and entitlements needed for the redevelopment of Lake Anne Fellowship House, an affordable senior apartment community located at 11448-11450 North Shore Drive in Reston, VA.

The planned new construction project will replace all 240 apartment units in the existing 1970's-era building with a new facility of 240 units.

“As Reston rents skyrocket, affordable rental opportunities for those seniors and people with disabilities and low incomes are scarce. Fellowship Square is dedicated to ensuring that there will be not just affordable, but state-of-the-art housing in our community,” said FSF Board Member Eddie Byrne.

The new facility is planned for the eastern portion of the property. When it is completed and the residents relocated from the old buildings to the new facility, the existing buildings will be removed and the unused portion of the property will be sold for residential development to support the cost of building the new project. MAC Realty Partners, a local real estate brokerage firm, has recently been selected as a broker for this portion of the site.

The filing of the entitlements application is targeted for early Fall 2017 and its approval would be followed by final design, building permits and construction. Project completion is targeted for the third quarter of 2021.

“We are excited about moving this project forward through the necessary County and local approvals,” said CPDC Senior Vice President Christopher LoPiano.
